Imperial Tobacco Group PLC ("the Company")

Directors' Interests

Following achievement of the performance criterion in respect of the Third Annual Award made under the Imperial Tobacco Long Term Incentive Plan ("LTIP") on 30 November 1998, the directors listed below were granted on 3 January 2002 the following nil cost options over the Company's ordinary shares of 10 pence each.

Under the terms of this LTIP award, vesting is on a sliding scale depending on Total Shareholder Return ("TSR") achieved over the period of the award. No vesting occurs unless the Company's TSR exceeds that of the bottom 50% of the companies constituting the FTSE 100 Index ("the Index") as at 30 November 1998. At this performance threshold, 30% of the conditional award vests. If TSR exceeds the bottom 80% of the Index, the award vests in full; between these thresholds vesting is on a straight line basis.

In respect of the performance period for the Third Annual Award, the Company out-performed 86% of the companies constituting the Index. Therefore the conditional award now vests in full.

Vesting takes the form of a grant of a nil cost option exercisable at any time until the seventh anniversary of its date of grant.
